

Grant Assistance for Grassroots Human Security Project
“Improvement in the Access to Primary Health Services”
(Commissioning Ceremony)

Venue and Date: Shere Koko Community in Bwari Area Council in the FCT on 20th July 2017

Granted Amount: US\$90,530

Implementing Partner NGO: Citizens’ Health Education and Development Initiative

Project Content: Before the completion of this project, the only primary health care facility in Shere Koko community was in a far from perfect condition and just one nurse was available despite the large population. The risk was obvious. The project is designed to provide appropriate and reliable health care service to the community and provided a newly constructed primary health centre equipped with medical apparatus, solar panels and a borehole.

❖ Ambassador, representative of Hon Minister of Health, representative of Hon Minister of FCT, Executive Chairman of Bwari Area Council and District Head of Shere Community all celebrated the commissioning.
