

## The Project for Emergency Repair and Overhaul Works for the Jebba Hydro Power Station (Completion ceremony)

Date: 15<sup>th</sup> February, 2016

Venue: Jebba Hydro Power Station, Niger State

Summary: The output of the generator No.4 has decreased and its lifespan has been shortened due to the accident in 2009. The Government of Japan has extended the aid of JPY 1.990 billion (equivalent of USD 16.6 million) to repair and overhaul the generator No. 4 to recover its original output and lengthen its lifespan for at least 30 years.

Mr. Masaya Otsuka, Deputy Head of Mission of the Embassy of Japan, and Mr. Babatunde Raji Fashola, Minister for Power, Works and Housing, attended the ceremony. It was widely reported by local media.
